Works Manager Responsibilities include:

Road Management Act 2004 Schedule 7 Section 14 Principles applying to infrastructure managers and works managers:

1. An infrastructure manager or a works manager must have regard to the principles specified in this clause in the provision of non-road infrastructure on roads.
2. The primary purpose of a road is use by members of the public and authorised users must be managed as far as reasonably practicable in such a way as to minimise any adverse impacts on the primary purpose.
3. Without limiting the generality of sub-clause (2), authorised uses must be managed so as to –
 - (a) minimise any damage to roads and road infrastructure;
 - (b) ensure that works necessary for the provision of non-road infrastructure are conducted as quickly as practicable;
 - (c) minimise any disruption to road users;
 - (ca) minimise any disruption to users of different modes of transport which have priority on specified roads;
 - (d) minimise any risk to the safety and property of road users and the public generally;
 - (e) facilitate the design and installation of infrastructure which minimises any risk to the safety of road users;
 - (f) ensure that the road and any other infrastructure is reinstated as nearly as practicable to the condition existing before the works necessary for the provision of the non-road infrastructure were conducted;
 - (g) protect and preserve existing significant roadside vegetation and sites of biological significance within the road reserve.
