9. Grant Categories

Funding will be prioritised when the applicant can demonstrate that the proposal addresses the needs of the community with a preference for initiatives that focus on communities with limited access to programs, services and activities.

The Community Grants program is divided into the following categories according to the type of project/activity/program for which funding is sought:

Examples – upgrade the kitchen facilities in a public hall, or to improve heating, replace a water tank and general maintenance.

Community Events

A Community Event Grant supports the development of new and existing community events that promote vibrant and cohesive communities by bringing people together for common goals, celebration and expression. Community based organisations are encouraged to develop and deliver events that showcase local talent, provide public entertainment, foster community participation, connectedness and diversity in accordance with Council's Strategic Tourism and Events Strategy.

Examples – projects that will make an event more inclusive, in kind support for hire of a council venue.

Arts, Culture and Heritage

Arts, Cultural and Heritage Grants support a diverse and culturally rich Glenelg Shire through community driven projects and initiatives that increase arts profile, creativity and participation. These initiatives may focus on a wide variety of art forms. Individual artists, partnering with a community group, are eligible to apply as long as they can demonstrate local community support for the project.

Projects in this category need to meet at least two of the following criteria:

- Increase community participation in arts, cultural and heritage activities
- Enhance and celebrate local identity through high quality projects with artists and community.

Community Strengthening

Community Strengthening Grants support community projects, programs and initiatives with a specific focus on connection communities and building community capacity. This includes projects that improve community facilities, encourage community participation and volunteerism, as well as those that build leadership skills and community wellbeing.

Projects should align with Councils Municipal Health and Wellbeing Plan and other key strategies.

Examples - speakers on mental health, volunteer training, first aid training, support a

community walking group.

10. In-Kind Services/In-Kind Support

To assist community groups with hiring costs of nominated Council owned facilities, costs of waste disposal and or costs of Council fees (e.g. planning permits etc.). This is in-kind support only (no cash). When applying for a community grant where a planning permit is required, a request for in-kind support of the planning permit fee should be included in the application where support is required.

The applicant matching contribution may consist of cash and 'in-kind' services. 'In-kind' includes items such as labour volunteer hours, materials, venue use etc. However, the 'in-kind' portion of the applicant's contribution must not exceed 50% of the applicant's contribution to the project. 12. Monitoring and Accountability

As Council is committed to developing an ongoing positive partnership with successful applicants it also needs to ensure that the funds from the Community Grants Program are spent efficiently and objectively and meet Council's Objectives.

Therefore:

- Successful groups/organisations must acknowledge the support of Glenelg Shire Council in any promotional or publicity material.
- Successful groups/organisations must present Council in a positive manner and all projects and activities must reflect well on Council.
- Successful groups/organisations are required to enter into a funding agreement with Glenelg Shire Council before receiving any funds.
- A completed Acquittal Report is to be provided to Council at the completion of all funded projects and activities and within the specified timeframes.

13. Non-profit definition

A non-profit organisation is one which is not operating for the profit or gain of its individual members, whether these gains would have been direct or indirect. This applies both while the organisation is operating and when it winds up. Any profit made by the organisation goes back into the operation of the organisation to carry out its purposes and is not distributed to any of its members. (Source: Australian Tax Office)

14. External Funding

Some applicants may also be applying for funding support from other organisations (e.g. Arts Victoria, Pacific Hydro, United Way) as part of their project. Often the outcome of such external funding applications will determine if the proposed project proceeds. In most cases the applicant will know if their funding submission under the Council's Community Grant program is successful before they hear from the other funding bodies.

As a result, if Council approves your funding under these circumstances, the approved amount will be held in reserve by Council until the applicant is aware of the outcome of the other funding applications.

Council reserves the right to withdraw its offer of financial support for a project when the applicant has not been successful in securing funding from other sources, if the Community Grant submission is reliant on other third-party funds.

15. Completing the Budget in your Application

Budget Income

The amount sought from Council's Community Grant Program (The amount you are requesting)	\$2,000
Funds from your organisation (Your groups cash contribution)	\$1,000
Other Grants	
Community Fundraising	
In Kind Support - Volunteer labour (Must be the same amount in income and expenditure)	\$1,000
In Kind Support – Facilities (Must be the same amount in income and expenditure)	
TOTAL	\$4,000

In Kind Support can be a maximum of 50% of the group's contribution. The other 50% must be cash.

Budget Expenditure

Printing	\$ 400
Marquee Hire	\$1,000
Entertainer	\$ 600
Community Fundraising	
In Kind Support - Volunteer labour (Must be the same amount in income and expenditure)	\$1,000
In Kind Support – Facilities (Must be the same amount in income and expenditure)	
TOTAL	\$4,000

These two amounts must be the same.

In this example \$2,000 is sought from the program, therefore the group must contribute \$2,000. \$1,000 of this can be in-kind support but the remaining \$1,000 must be cash. The income total and the expenditure total must be the same.

If \$1,000 or less is requested no contribution is required from the applicant.

16. Minor Community Grants

A small percentage of funding will be kept aside to accommodate requests from community groups and organisations for activities/projects/programs that are of an extraordinary nature. Applicants should provide details of the extenuating circumstances in relation to their application. A maximum of \$500 from this category is to be granted to any club or group per financial year.

While applications in this category can be made at any time of the year, applicants are to contact a Council Officer first to discuss the potential application. The applicant must justify the reasons for missing the deadlines of the advertised funding rounds.

Quotes and/or estimates should be supplied to support your application.
