

## **Kalbarri Kindergarten Philosophy**

Kalbarri's philosophy has been developed by educators in conjunction with families and the children.

**QUALITY:** Providing inviting and stimulating learning environments and experiences that extend, enhance and challenge children's skills and abilities.

**HOLISTIC:** Providing inclusive learning environments where every participant within the program is able to participate and succeed.

**COLLABORATIVE:** Educators work with children, their families and the wider community to promote a shared learning approach.

**CHILD SAFETY:** Educators are committed to the safety of children reducing and removing the risk of child abuse is at the centre of our decision making.

**RESPECTFUL:** Educators act professionally and respectfully within their role at all times.

**NATURAL ENVIRONMENT:** Environmentally sustainable practices are promoted and imbedded in our daily practices providing opportunities to explore nature in play, laying down foundations of respect for the natural environment.
